Introducing...

# COLTON PRUITT

## Senior Member Solutions Specialist

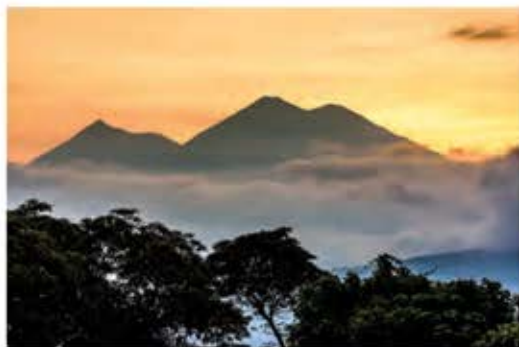

Colton joined the WFCU team in February. His current role includes building relationships with our members and helping them save time and money by matching them with the products that best fit their needs.

We asked what he likes about working at WFCU- "I enjoy working here because of the culture. I enjoy interacting with my fellow colleagues every day and WFCU has a very small town family feel to it. It's awesome!" he said. He also added that "It can be emotional when guiding a member, whose life has just been turned upside down, onto the right path financially. Sometimes you just wish you could do more for them."

Colton is a student at Wichita State University, majoring in finance. One of the biggest accomplishments in his life includes hiking to the top of the Pacaya Volcano in Guatemala. (Pictured)

"In my free time I love going on adventures, riding my motorcycle, and most of all I enjoy spending time with my family and friends." he added. Colton is also a volunteer for the Sedgwick County Fire Reserves.

Watch for more WFCU team members to be featured in upcoming newsletters.
