

## FUNDS/WIRE TRANSFER AGREEMENT

From time to time you may wish to initiate funds transfers from your account at Wichita Federal Credit Union. These funds transfer requests are called payment orders in this Agreement. In order to safeguard the security of our member accounts with regard to payment orders, we will require a password when:

- You request any payment order over \$2,500 from one account of yours to another account of yours;
- You wire out funds in any amount from your account;
- You transfer funds in any amount from an account of yours to an account on which you are not a joint owner;
- Any time we question the validity of the person requesting the transfer.

In certain circumstances, we will require a callback to a secure phone number to verify a funds transfer request. A secure number will be the phone number on file at the Credit Union. If you change your phone number, that new phone number may not be considered secure until it has been in our system for 30 days.

This Agreement governs all payment orders you give us. In order to ensure the security of your account, Wichita Federal Credit Union will require a password when verifying payment orders. This Funds Transfer Agreement ('Agreement') governs the procedures and responsibilities concerning payment orders initiated by the Account Owner through Wichita Federal Credit Union.
